# **SOP FOR EXTENSION ACTIVITY**

## SOP FOR EXTENSION ACTIVITY

The term 'extension activity' was used to describe the particular educational innovation. The objective of extension activity was to take the educational advantages of universities to ordinary people.

### Aims: -

- Extension activity helps in adoption of innovations.
- Extension helps in studying and solving the rural problems.
- Extension increases farm yields and improve the standard of living of farmers.
- Extension makes good communities better and progressive.
- To promote unlimited potential for personal growth and development.
- Extension education is to raise the standard of the people living of the rural area by helping them in using their natural resources (Like land; water, livestock) in the right way.
- The development may take place at any stage of their lives, if they are provided with adequate and appropriate learning opportunities.
- It should also help in providing minimum health, recreational, educational and housing facilities for improving family living condition in village. His fundamental objective of extension education is to develop the rural people economically, socially and culturally by means of education the specific objective is the development of the people.

### Objectives: -

- To assist students and people to discover and analyze their problems and identify the felt needs.
- To develop leadership among people and students to help them in organizing groups to solve their problems.
- To disseminate research information of economic and practical importance in a way people would be able to understand and use.
- To assist students in mobilizing and utilizing the resources which they need from outside.
- To collect and transmit feedback information for solving management problems.
- To bring about desirable changes in students' behavior by means of education like knowledge, skills, attitude, understanding, goals, action and confidence.

### Process/Procedure: -

- Extension education is a process and it is participatory in its approach.
- The extension activity is planned in the academic meeting of the respective class and the college Calendar.
- A new list of extension activities for the upcoming academic year is been prepared by the extension activity in charge.
